

# Reading Rockets

Your source for free, research-based multimedia resources  
all about teaching young kids to read and  
helping those who struggle

## Our **Top 10** resources for Speech-Language Pathologists

- 1.** Our award-winning PBS series, *Launching Young Readers*, all about teaching reading and supporting young readers at home. Watch anywhere, anytime — online at [ReadingRockets.org](http://ReadingRockets.org), on your iPhone or Android via YouTube, or downloaded onto your iPod from iTunes.
- 2.** The latest information about [Response to Intervention \(RTI\)](#) and the changing role of Speech-Language Pathologists. Find research, articles, video interviews with experts, and information to share with parents.
- 3.** Our interactive online tool, [Target the Problem!](#) helps parents and educators understand the specific problems a child may be having with reading — including difficulties with phonological and phonemic awareness, word decoding and phonics, and auditory processing.
- 4.** A robust library of [research-based articles](#) and [video](#) about early language acquisition; phonological awareness; learning disabilities; intervention and prevention; progress monitoring; best practices in reading, writing and spelling instruction; and much more. For example, see our [Reading Intervention Programs: A Comparative Chart](#), designed to help a school's reading team make an informed decision about the best program to buy.
- 5.** Our monthly e-newsletter [Reading Rockets News](#), chock full of resources about literacy for speech-language pathologists, teachers, librarians, and parents. Subscribe online today!
- 6.** Subscribe to [Rocket Blasts](#), our daily and weekly e-mail or RSS feed of news headlines about early literacy, reading, writing, and children's books.
- 7.** [Growing Readers](#), our monthly one-page tip sheet for parents with practical ideas about how to support oral language development, reading, spelling, and writing skills at home.
- 8.** [Reading tips for parents in 11 languages](#) (infants to grade 3). The PDFs are ready to print and share with the families in your school.
- 9.** A vibrant, growing community of reading professionals following Reading Rockets on [Twitter](#) and [Facebook](#). Join in on the conversation and share new resources with colleagues and parents. Or, grab one of our [web widgets](#) for fresh delivery of Reading Rockets resources right to your blog, website, or social media page.
- 10.** More great, free resources from our sister websites, [Colorín Colorado](#), a bilingual site for parents and educators of English Language learners), and [LDOOnline](#), resources for parents and educators of children with learning disabilities and ADHD.
