The KYVL for Kids Research Portal teaches kids about research and information literacy in a fun way.

The Portal has two primary components: the Research Rocket, and the Research Frontier.
Choosing “Research Rocket” from the Portal entrance takes you to an interactive summary of the research process:

The screenshots on the following pages show the major steps in the research process. However, the KYVL for Kids Research Portal contains useful resources for each major step. For example, “4. Use the Information” contains eight different web pages to help students evaluate and organize the information they have found in the previous steps.
Step 1: Plan the Project

Follow this path and learn how to PLAN a project.

Step 2: Search for information

Here are some resources where your key words and phrases will come in handy!
Step 3: Take Notes

Your teacher may assign a special method for taking notes. Or you can use one of these.

Step 4: Use the information

After you take your notes, it's time to USE the information. Here are some steps to follow as you prepare your project.
**SHARE WHAT YOU'VE LEARNED!**

There are lots of fun ways to share your information with other people. Find your favorite.

**Things you can WRITE:**
- Report
- Story
- Letter
- Feature Article
- Email
- Poem
- Brochure
- Portfolio

**Things you can CREATE:**
- Play Video
- Drawing Model
- Game
- Song
- Website
- PowerPoint presentation

**Things you can DO:**
- Give a Speech or Oral Report
- Talk to People
- Talk on the Phone

---

**EVALUATE**

The final step in the project is to EVALUATE yourself. Ask yourself the following questions:

- How did you do?
- Did you follow the plan?
- Did you answer the main question?
- Did you record your information?
- How did you score on the RUBRIC?

- Did you write down sources accurately?
- Did you present the information in the way it was assigned?
- Did you learn something?
- Was it fun to share with others?

---

**RAFIC**

CUBE

- Described
- Understood
- Didn’t Work
- Very Well
- Understood
- Project Incomplete
- Bread Search
- Mostly Understood
- Through Search
- Didn’t Understand
- Partially Understood

---

You're almost ready to become a RESEARCH WIZARD! There's just one more thing...
The Teacher’s Tool Box

Also included in the Research Portal is a Tool Box with printable items for offline use.

Teacher's Tool Box

The final feature of the KYVL for Kids Research Portal is the Research Frontier. This is a gateway to the various commercial databases available through KYVL, emphasizing resources most appropriate for kids.

If a user is at school or another IP authenticated site, choosing a “planet” takes the user to an interface provided by the commercial vendor.

For users at other sites, the “Search From Home” planet shows a screen with a User ID and Password. Contact KYVL to get a User ID and Password that you can share with your students and colleagues.
