Rhyming Assessment

Teacher: "Rhyming words are words that end with the same sounds. For example, the words cat and mat rhyme."

If the student can tell you two words that rhyme, you don't need to assess that child further on rhyming.

Teacher: "Let's practice two words that rhyme: sun and fun. Now let's practice two words that don't rhyme: net and fill"

Teacher: I'm going to say two words. I want you to tell me if they sound the alike at the end."
